

The Southeast Michigan Synod is a Reconciling in Christ (RIC) Synod

We adopted the ***RIC Affirmation of Welcome*** by an 84% majority vote at our 1992 Synod Assembly. The RIC Program of ReconcilingWorks: Lutherans for Full Participation (formerly Lutherans Concerned/North America) recognizes Lutheran congregations, synods, colleges, seminaries, and organizations that publicly welcome believers of all sexual orientations and gender expressions into full participation of the church. Acknowledging that general statements of welcome may fall short of past or current practices, the RIC Program seeks to make clear the policy of churches where all people are welcome as full members regardless of their sexual orientation, gender identity or expression, or that of their children, siblings, or friends.

The Affirmation of Welcome promotes a publicly inclusive ministry and helps heal the pain of doubt. In addition to our Synod's RIC standing, 24 ministries plus the Southeast Michigan Synod have intentionally elected to join a roster that exceeds 1100 designated as RIC in North America:
